- A. The City shall issue a vendor event permit for a vendor event occurring in or upon City street, alley, sidewalk, public building, public park or on any parking lot open to unrestricted use by the public for a vendor event as provided for in this chapter unless it finds, from a consideration of the application and/or from such other information and recommendations and/or conditions obtained from the City police department, City fire department and/or City public works, that:
 - 1. The conduct of the vendor event permit will substantially interrupt the safe and orderly movement of other traffic contiguous to its route;
 - 2. The conduct of the vendor event will require the diversion of so great a number of police officers of the City to properly police the line of movement and the areas contiguous thereto as to prevent normal police protection to the City;
 - 3. The concentration of persons, animals and vehicles at assembly points of the vendor event in or upon a street, alley, sidewalk, public building, public park or on any parking lot open to unrestricted use by the public will unduly interfere with proper fire and police protection of, or ambulance service to, areas contiguous to such assembly areas;
 - 4. The conduct of such vendor event will interfere with the movement of firefighting equipment and emergency vehicles en route to a fire;
 - 5. The size, nature or location of the vendor event is reasonably likely to cause a clear and present danger of injury to persons and property and/or would disrupt public peace;
 - 6. Information contained in the application for a vendor event permit or supplemental information requested from the applicant is found to be false in a material detail;

7. The applicant fails to complete the application form after having been notified of the additional information or documents required;
 8. Another vendor event permit has been received prior in time or has already been approved for the same time and place requested by the applicant or so close in time and place to that requested by the applicant that the issuance of both permits would cause undue traffic congestion or cause the City police or fire departments to be unable to meet the needs for police or fire services for both events;
 9. The location of the vendor event will substantially interfere with any construction or maintenance work scheduled to take place upon City streets; or
 10. The vendor event will violate a City Code or State statute.
- B. When the grounds for denial of an application for a vendor event permit within the City per subsection (A) of this section, may be corrected by altering the date, time, duration, and/or the route or location of the event from that named by the applicant, the City may, instead of denying the application, conditionally approve upon the applicant's acceptance of conditions for the vendor event permit. The conditions imposed shall provide the only such modification of the applicant's proposed vendor event as are necessary to achieve compliance with subsection (A) of this section. The applicant desiring to accept an alternate vendor event permit shall, within three (3) days after receiving notice of the action of the City, file a written notice of acceptance with the City. Said alternate vendor event permit shall conform to the requirements of, and shall have the effect of, that particular type of permit under this chapter.
- C. The City may condition the issuance of a vendor event permit by imposing time, place and route of the event and such requirements as are necessary to protect the safety of persons and property and the control of traffic. Such conditions include, but are not limited to, the following:
1. Alteration of the date, time, route or location of the event;
 2. Requirements concerning the area of assembly and disbanding of parades or other events occurring along a route;

 4. Requirements for the use of traffic cones, barricades or other traffic-control device;.
 5. Requirements for provision of first aid and/or sanitary facilities;

 8. Provision for solid waste collection and disposal, cleanup, restoration, water, and sewage;
 9. Restrictions on use of amplified sound;
 10. A requirement that notice to be given to the residents of property along the affected street(s), alley(s), sidewalk(s), park(s), public building(s), and/or parking lot open to unrestricted use by the public. Notification shall be by U.S. Mail or publication in a newspaper of general circulation. The City shall specify all requirements for Notice at the time of considering the permit application;
 11. A requirement that any applicant or authorized officer of the sponsoring organization possess or obtain public liability insurance to protect against loss from liability imposed by law for damages on account of bodily injury and property damage arising from the event. If insurance coverage is required as a condition of issuance of a vendor event permit, the City shall determine the amount of insurance required, based upon the considerations routinely taken into account by the City in evaluating loss exposures, including, but not limited to, whether the vendor event poses a substantial risk of damage or

injury due to the anticipated number of participants, the nature of the vendor event and activities involved and the physical characteristics of the proposed site. Such insurance shall name on the policy or by endorsement as additionally insured, the City, its officers, employees and agents. A certificate of insurance coverage must be filed with the City no less than five (5) days before the date of the vendor event unless the City changes the filing deadline, in which event such documents shall be provided prior to the event.

12. A requirement that the applicant or authorized officer of the sponsoring organization, if any, sign an agreement for the permittee to reimburse the City for any costs incurred by it in repairing damage to City property which are determined by the City to have been proximately caused by the actions of the permittee, his or her officers, employees or agent, or any person who was under the permittee's control. Any such agreement may also provide that the permittee shall defend the City against, and indemnify and hold harmless, the City, its officers, employees, and agents from all causes of action, claims or liabilities occurring in connection with the permitted event, except those which occur due to the City's sole negligence; and

13. Compliance with any relevant law.

The City shall act upon the application for a vendor event permit within five (5) days after the filing thereof or the next regularly scheduled council meeting following the application date. The applicant shall have the right to appeal to City council the denial of the vendor event permit or a condition of the vendor event permit.
